LOGAN DEBATES HIS BILL.

HE ELABORATES THE PROVISIONS OF THE MEASURE.

The Civil and Mail Service Clause of the Appropriation Bill Under Discussion—The Proposed Amendments Relative to the Tax Clause—Mahone's Attack on the Adoption of the Constitutional Amendments—Speech of Senator Conkling.

WASHINGTON, D. C., Jan. 10.—[Special.]—Before the Civil and Mail Service Clause of the Appropriation Bill was taken up for consideration in the Senate to-day Senator Logan addressed the Senate in support of the bill which he introduced on the subject. He had also consulted the Attorney-General of the United States, and had been informed by him that the bill was constitutional. He had also consulted with Senators Edmunds, Thurman, Bayard, Hoar, Garland, Lamar, Jones of Nevada, Saulsbury, Hampton, Gordon, Ransom, Brown, Vance, Pendleton, Kellogg, Conkling, Cameron of Pennsylvania, Cameron of Wisconsin, Logan, Sherman, Windom, Morrill, Hale, Frye, Dawes, Blaine, Jones of Florida, Chandler, Anthony, Burnside, Ingalls, Platt, Sargent, Wallace, Mahone, Davis of West Virginia, Davis of Illinois, Bailey, Call, Kirkwood, Miller, Harrison, Williams, Voorhees, Slater, Groome, Whyte, Johnston, Walker, Jones of Arkansas, Maxey, Coke, Eustis, Butler

AN OVERWORKED CLASS.

Too Much Knee Action

is clearly indicated by most of the active-service branches this month. With you it may not be a case of too high-stepping or excessive devotion, but the inevitable results of hard service are just as apparent and the necessity of a change imperative. We beg to comfort you with the assurance that some 1,500 pairs of honestly-made Trousers await your inspection here. At least 700 of them are unusual bargains, marked with the deliberate intention of making you feel good when you ask the prices, and to boom our January sales. On these a first-class manufacturer lost money to unload, and we offer them to you, with our 'iron-clad' guarantee, at a trifling advance. This means that you can take them, compare with any other goods in this city, and get your money back if every word we say is not "oxygen flatened" by the severest possible tests.
